

# THE TOUGHEST ON PLANET EARTH

Incredibly strong and 100% waterproof.

You've never tried glue like it.

Gorilla Glue is America's biggest-selling glue because it works when other glues fail.

It's waterproof, weatherproof, you-name-it proof.

Once it grips it never lets go.

Gorilla Glue sits proudly at the top. It's a product that has dominated America's best-selling charts for years. And now, it's also doing the business in the UK. Retailers both sides of the pond know that, with this heavyweight in stock, sales are sure to follow.

For both professional tradesmen and casual DIYers, Gorilla Glue has earned its reputation for being tough. Tougher than the competition. Tough enough to last.

It bonds stone, metal, ceramic, glass, wood and more with ease. Even if the surfaces are dissimilar, it holds firm. And then that's it, job done. Because when you use Gorilla, it's a bond for good.

1 Litre

## What makes the 60ml cap different to other glue caps?

After extensive testing and development, we've created a cap that ensures your product will remain Gorilla Tough. The 60ml cap combines a stainless steel metal pin and a precision seal, making it 100% more effective at reducing clogs and leaving it ready to use, every time.

## WHY IT'S THE BEST:

- Versatile**  
 Gorilla Glue isn't fussy – it's effective on virtually any surface, indoors or out.
- 100% waterproof**  
 Moisture's not a problem – even underwater. You don't get wetter than that!
- Paintable, stainable, sandable**  
 Makes for easy finishing.
- Coverage**  
 Expanding to 3x its size when curing, Gorilla Glue goes even further.
- Temperature resistant**  
 Gorilla Glue stays true in extreme temperatures – hot or cold.
- Low VOC and non-toxic once cured**  
 Tough doesn't have to be toxic. You're in safe hands with Gorilla.

The incredibly strong adhesive you can trust for your toughest jobs.

# SEAMLESSLY TOUGH

The crystal clear glue for virtually invisible fixes.

If you need a strong, virtually invisible bond from a glue that combines strength with subtlety, then you've clearly just found it.

Gorilla Glue Clear is crystal clear – making it perfect for those looking for a tough, professional-looking fix.

Gorilla Glue Clear is also **highly versatile** – you can use it on glass, ceramic, metal, wood, stone and more!

And when you do use it, you can apply with confidence – you're guaranteed **seamless glue lines and near enough an undetectable finish.**

For a bond you won't notice, but with reassurance you can't miss, this is the glue for you.

## BONDS

- And more!

High Strength

Grip Time 120 min.

Water Resistant

Indoor/Outdoor

Foam Free

NEW 50ml

NEW 110ml

## How is Gorilla Glue Clear different from original Gorilla Glue?

Apart from being clear and non-expanding, the other main difference with Gorilla Glue Clear is that it is water resistant, whereas Gorilla Glue is 100% waterproof. If your project is likely to encounter water, please bear this in mind.

## How long does Gorilla Glue Clear take to cure?

Whilst grip time is recommended for 2 hours, full cure takes 24 hours. We recommend using a clamp but, if you don't have one, you can easily use Gorilla Tape to grip your surfaces together.

### • Crystal clear

So clear it's virtually invisible.

### • Non-expanding

Foam-free formula that doesn't expand when curing.

### • Seamless glue lines

For a highly professional finish.

### • Highly versatile

Ideal for glass applications, broken tiles, stonework and nearly all clear fixes.

### • Gorilla tough

As you'd expect – it's one of the family.

Gorilla Glue Clear is just as tough as original Gorilla Glue, only this one is crystal clear and doesn't expand.

# SEALED WITH TOUGHNESS

The multi-use sealant for indoors and out.

**NEW Gorilla Sealant is the sealant you've been waiting for. Mould-resistant, multi-purpose and available in White and Clear. So reliable and incredibly versatile, you can use it all around the house.**

So that means not just on what you'd expect – showers, bathrooms, kitchens, windows and door frames – but also plumbing, gutters and more! Just like other Gorilla products, this sealant is tough and long-lasting. And to seal the deal, it's flexible, 100% waterproof and won't yellow, shrink or crack over time.

Plus, if you're in a rush to get finished, Gorilla Sealant can be exposed to water in **as little as 30 minutes**. Whether that's from the shower or from the sky, you can rest assured this product will see you right.

Lifetime Guarantee\*

NEW White 295ml

NEW Clear 295ml

NEW Clear 80ml

## What varieties of Gorilla Sealant are available?

Gorilla Sealant comes in two colours: White and Clear. As well as a standard cartridge, Gorilla Sealant Clear is available in a small, squeezable tube.

## Is Gorilla Sealant an indoor product only?

No. You can use it on outside window and door frames, guttering and external plumbing.

## How long before it can be exposed to water?

Gorilla Sealant is water-ready in just 30 minutes.

## What's the cure time?

Cure time is 24 hours – in which time the sealant will be 100% waterproof. The cure time will take longer with lower temperature, higher humidity and larger bead size.

## How do I store Gorilla Sealant?

Store in a cool, dry location with the nozzle attached. To reuse product, remove nozzle and clean out cured sealant from the tip.

## • All purpose. All surface.

Perfect for all around the house.

## • 30 minute water-ready

Can be exposed to water in as little as 30 minutes.

## • Mould-resistant

No mould, no mildew, no worries.

## • Long-lasting performance

Won't yellow, shrink or crack over time.

**Gorilla Mould Resistant Sealant is the perfect sealant for virtually ALL surfaces. Water-ready in 30 minutes, you can use it nearly anywhere.**

\*LIFETIME GUARANTEE Gorilla Glue Europe Ltd guarantees that this product will meet its performance properties for the lifetime of the material to which it is applied; otherwise we will refund or replace the product. This does not affect your statutory rights. See gorillaglu.com for the full guarantee.

# SUPER GLUE THAT'S GORILLA TOUGH

Improved formula sets in just 10 seconds.

How do you make super glue even more super? By making it faster acting. Our fantastic formulation has been designed to set in just 10 seconds.

And it's still just as versatile. One bottle of Gorilla Super Glue will grip rubber, paper, wood, leather, metal, ceramic and more, firmly in place. And they stay that way. Specially formulated **miniature rubber particles** mean there's even less chance of the bond breaking if impacted.

Plus, we've more super options. **Gorilla Super Glue Brush & Nozzle** is the only super glue with **two ways to dispense**. Either apply quickly with our precision nozzle, or use the fine-bristled brush for areas where greater accuracy is needed. And, for a really user-friendly option, try Gorilla Super Glue Gel. It offers **greater control** because it's thicker and doesn't run.

No Run – More Control

Dual action

15g

Brush & Nozzle 12g

2x3g Gel

- **Instantly bonds just about anything**

If you can name it, this will probably stick it.

- **Impact strength**

Shock resistance guaranteed, even with a big hit.

- **Reduced clogging**

Keeps your bottle fresh with a metal pin in the cap.

- **So easy to use**

Just 10 seconds and it's stuck. No clamping required.

Designed with an Impact-Tough™ formula that's flexible enough to handle bumps and drops – producing a strong, reliable bond.

# TOUGHNESS THAT GRABS INSTANTLY

The all-purpose way to bond building materials.

Gorilla Grab Adhesive is so versatile, it grabs virtually anything instantly. Use it indoors or out, even underwater, for an extra-tough bond that'll last.

When you want a grab adhesive, you need one that's heavy duty. Step forward, Gorilla. Unlike other grab adhesives, our formula provides a **long-lasting bond**.

This isn't just about high strength and **ultimate durability**. It's also a grab adhesive that's flexible, gap filling and with little to no shrinkage; it withstands high temperatures and is fully paintable when dry.

Plus it will **stick nearly all surfaces** – wood, metal, brick and stone – even if they're dissimilar. With this by your side, just about everything's up for grabs.

- All surface, all purpose
- Bathrooms, kitchens & worktops
- Wall partitioning, panelling & moulding
- Stonework, landscaping & flooring

Easy-Flow Formula

Fast Grab

Ultra-High Strength

- **Bonds most surfaces**

Grabs virtually anything instantly.

- **Indoor/outdoor**

Even works underwater.

- **Temperature resistant**

Withstands extreme heat and cold.

- **Gap filling**

Fills voids with little or no shrinkage.

- **Easy to use**

Flexible and paintable.

Gorilla Heavy Duty Grab Adhesive is THE tough, versatile, all-weather grab adhesive.

# TRANSPARENT TOUGHNESS

Waterproof, weatherproof and our most discreet tape yet.

Gorilla Clear Repair Tape is our most discreet tape yet. But don't be fooled by appearances. It may look subtle, but this tape has serious strength.

Gorilla Clear Repair Tape works on all kinds of surfaces, inside or outside. From patching-up tents and protecting smartphones, to even working underwater on torn paddling pools, there's no other transparent tape that's as effective. It provides a crystal clear, weatherproof, airtight bond and is guaranteed not to split.

**FIX, PATCH, SEAL, HOLD & PROTECT**

Need to mount something without traditional fasteners? You need a tape with industrial strength. Gorilla Heavy Duty Mounting Tape is just the roll.

Our double-sided Mounting Tape is the quick and easy way to mount and repair. Because it grips to smooth and rough surfaces, it can be used on wood, glass, metal, plastic, brick, ceramic, stone and more! And because it offers an instant, weatherproof bond, Mounting Tape is just as suitable for outdoor projects as indoor ones. Available in Clear or extra-strong Black.

# WOOD-TO-WOOD TOUGH

The harder-working, longer-lasting wood glue.

Bonding wood has never been easier or quicker thanks to Gorilla Wood Glue. Use it on hard woods, soft woods and wood composites.

For projects indoors and out.

Gorilla Wood Glue is the adhesive that everyone from master carpenters to dads-in-sheds can make use of. It's a hard-working PVA that's uniquely formulated to bond any wood-to-wood project.

But it's not just about sticking a variety of wooden surfaces. Due to its superb water resistance, Wood Glue is just as tough outdoors. The superior bond offers all the holding power Gorilla is renowned for, and it dries a natural colour for an invisible, professional line.

Unique cap stops drying out, preventing blockages

No need for old nails to be stuck in the cap like other wood glues!

• **Faster working**  
Just grip for 20 minutes.

• **D3 water resistant**  
Well-suited to outside jobs.

• **Long-lasting formula**  
Get more from every bottle.

• **Dries a natural colour**  
For a professional finish good as new.

Gorilla Wood Glue is the harder-working, longer-lasting wood glue that's perfect for everyone, from master carpenters to weekend DIYers.

# TOUGHNESS THAT'S CRYSTAL CLEAR

Two-part adhesive. One strong result.

Take epoxy to a new level – the Gorilla level.

Gorilla Epoxy offers high strength and durability for household and vehicle repairs alike.

With its superior solvent and water resistance, Gorilla Epoxy is one of the **strongest epoxies around**. It's also simple to apply. The easy-to-use syringe keeps the resin and hardener separate, so it won't harden over time, and you can always dispense smoothly.

Gorilla Epoxy easily **bonds uneven and vertical surfaces** like steel, aluminium, wood, ceramic and tile – making it the first choice for all kinds of automotive and domestic projects. The two-part, gap-filling formula dries crystal clear to provide an expert finish.

25ml

Bond Withstands Extreme Temperatures

Sets in 5 min.

Water Resistant

High Strength

- **Dries fast**  
Ready in the time it takes to make a cuppa.
- **Dries clear**  
Provides a clean and easy finish.

- **Water resistant**  
Can be exposed to moderate amounts of moisture.
- **Gap filling**  
Superior fills for gaps and voids.

Easy-to-dispense Gorilla Epoxy brings a strong, long-lasting bond to both household and automotive repairs.

# TITANIUM TOUGH

Heavy-weight bond that's just like a weld.

Welcome to our strongest epoxy yet. GorillaWeld isn't just tough – it's titanium tough. That means that no matter what the job, you can count on an **incredibly strong bond of up to 4250 PSI**.

As with all of our products, GorillaWeld isn't just laced with toughness – versatility is also key. So, as well as being ideal for metals and plastics, it can also bond concrete, ceramic, PVC and fibreglass. In short, it's the perfect accompaniment to your toolbox.

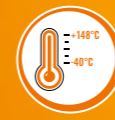

And when you're done bonding – set time is just ten minutes – you can start planning the next stage of your project. Drying a dark grey, GorillaWeld can be shaped, tapped, filed, sanded and drilled after curing. We told you it was versatile!

- **Adaptable**  
Can be shaped, tapped, filed, sanded and drilled after curing.

Easy to use and with heavyweight strength, GorillaWeld delivers an ultra-epoxy bond.

# GORILLA TAPE ON A ROLL

Sticks to rough and uneven surfaces that ordinary tapes can't hold.

You've never tried tape like it.

Gorilla Tape is the extra-tough tape for indoors and out. It's strong, reinforced, yet tearable by hand. And now you can get hold of even more varieties.

Gorilla Tape is the tape with attitude. Where other tapes come unstuck, Gorilla keeps strong. It sticks to **rough and uneven surfaces** like wood, stone and brick – even withstanding the elements. Whatever's thrown at it, **Gorilla Tape can handle it.** And you can use it just about any way you like.

Gorilla Tape Handy Roll, Tough & Wide, White, Camo and Silver are every bit as good. And, compared to most other duct tapes, **twice as thick** and with three times the amount of adhesive. All in all, they're perfect for any surface – including repairing heating, ventilation or air-conditioning ducts.

**Gorilla Tape Top Tip**  
Gorilla Tape makes an ideal clamp when using Gorilla Glue

Gorilla Tape Black

Gorilla Tape White

Gorilla Tape Silver

Gorilla Tape Handy Roll

Gorilla Tape Camo

Gorilla Tape Tough & Wide

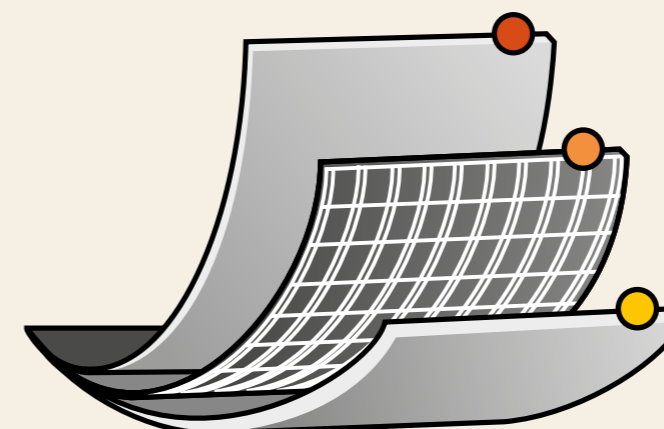

## What's the difference between Gorilla Tape and ordinary duct tape?

Twice as thick and with three times the amount of rubber-based adhesive, we took duct tape and made it better.

## Can I remove Gorilla Tape?

Gorilla Tape can be removed, but with some difficulty. It may also leave a residue. To remove any excess residue, we recommend using the tape itself as a blotter.

- Tough, weather-resistant shell**  
Creates a tight barrier that can withstand moisture, UV rays and extreme temperatures.
- Strong, reinforced backing**  
Tightly woven for extra strength, but still easy to tear by hand.
- Double-thick adhesive**  
Fills gaps on rough, uneven surfaces for a super-strong grip.

# SHELF-READY PACKAGING

We know you're busy, so we've put our products in handy, top-quality packaging, ready to slot onto your shelves.

They'll save you time and effort and, because they're attractive to customers, you just load them up and leave them to sell themselves.

This is only a sample of the counter top units you can put in your store. We have options to suit most shelf sizes for all of our tough products.

# FLOOR DISPLAYS

Now you can give your POS some added grunt. Our eye-catching display units provide a focal point in your store, safely housing the complete family of Gorilla products.

To build awareness and increase sales, we've developed a unique range of free-standing display units to showcase our high-strength adhesives. Taking pride of place in your store, these stands are purpose-built, robust and strike a visual chord.

Most appealing to customers is our Gorilla Island display. It not only neatly supports the full range of products, but also comes complete with a built-in video screen that broadcasts product demonstrations on a continuous loop – great for disrupting and then captivating customers, and raising the profile of your store.

There are other options too. Our displays are modular, so you can pick the one that showcases your bestselling product. Or you can mix and match. Choose a unit from the options below and stock with Gorilla Glue, Super Glue, Gorilla Tape or a mixture of products to suit.

**Gorilla Grab Floor Stand 9044952**  
A stand that won't fail to grab your customers' attention. Perfect for Gorilla Heavy Duty Grab Adhesive sales.

**Floor Stand 9044919**  
The versatile stand that houses Glue and Tape. Supports both core products for increased sales.

## Gorilla Islands

This is the modern display that makes a destination of any retail space.

Carrying over £1550 worth of stock RRP, it's guaranteed to draw shopper attention and increase footfall with its unique audio-visual screen.

**Gorilla Island 9044122**  
Carries over £1350 RRP worth of stock.

**Gorilla Island 9044126**  
Carries over £1550 RRP worth of stock.
