P08 Solutions for every room

P58-61 Plan your space doors & interiors

P6-7 All the clever things our products offer

Relax & enjoy

Our relax storage system comes with the option of a media unit, so you can sit back and watch your favourite films in style.

More choice than a sweet shop

Our doors have a multitude of glass colours and wood effect options so you have creative freedom in designing your own look.

P54-57 Storage Solutions

why sliding doors & storage solutions...

1 space saving, space creating

Sliding doors not only save you space on the outside of the wardrobe, they also make more of what's on the inside!

Sliding doors can go from wall to wall or wall to end panel.

2 fit any space

Our custom sliding doors can be made to fit any space from: **0.7 – 2.48m** high and **1.1 – 4.55m** wide.

Our modular storage systems can be built to fit any space from: **1.2 – 2.7m** high and as wide as you want. Filling any space, wall to wall, floor to ceiling.

3 outside of bedroom

Sliding doors are a great solution outside of the bedroom where they can be used as room dividers in kitchens, pantries or utility rooms without losing room depth needed for traditional hinged doors.

4 easy to install

Spacepro sliding doors can be fitted in just a couple of hours. Simply position and fix your top and bottom tracks, then position your doors in place.

Can be fitted in just a couple of hours!

5 quality & guarantee

All Spacepro doors are manufactured in Sheffield at our state of the art production facility. All our wood materials are both FSC and PEFC registered. We're so confident in our systems that we offer a 10 year guarantee on all moving parts.

→ clever solutions

See next page for all the lovely things our sliding doors and storage systems can do!

Quiet as a mouse

Our custom doors and furniture units come with a soft close feature so you won't be disturbed by any noise at all.

Easy peasy

All our products come with easy to follow instructions so your DIY project need not be daunting.

Fits all kinds of rooms

You don't need a huge space for a sliding door wardrobe, our products can be made to fit all kinds of opening spaces.

More choice than a sweet shop

Our doors have a multitude of glass colours and wood effect options so you have creative freedom in designing your own look.

Relax & enjoy

Our Relax storage system comes with the option of a media unit, so you can sit back and watch your favourite films in style.

innovative

A place for everything

No matter how many clothes you have or how much stuff you need to store, with a choice of shelves, hanger bars, drawers, shoe racks and more, you can fit it all in effortlessly.

Double-sided

We manufacture a double sided door which is perfect for a walk-in wardrobe or as a room divider.

Make the most out of any space

You can unlock the potential of all the awkward spaces throughout your home with our Relax storage system by cutting the stanchions to fit.

You can never have too many shoes

Do you have lots of shoes? With our specially designed shoe racks you can store them all with ease.

Hang your hat & coat

Use our brilliant sliding doors to hide all your hallway clutter. Combine it with our storage solutions and you can easily store away coats, shoes, umbrellas and anything else.

Moves with you

All our products can be dismantled and taken with you wherever life takes you. They can be easily adjusted and added to, to meet the needs of your new home.

anywhere

A space for studying

Our shelving system are perfect for the home office or study. It's up to you what you put on the shelves!

All the essentials

Our products are so versatile you can even use them in the utility room to organise your laundry and groceries.

Treat yourself to more space

Why not treat yourself by creating your own walk-in wardrobe? Our flexible systems offer a wide variety of combinations to meet all your storage needs.

solutions for every room

Hallway

Use our brilliant sliding doors to cover all your hallway clutter.

Office

With our Relax storage system, you can make even the most awkward spaces usable.

Kitchen / utility

Our products are so versatile that you can use them in a utility room to store away all your groceries. Our sliding doors make perfect room dividers.

Spare bedroom

Our products can fit all kinds of spaces. You don't need a big room to create your dream look.

Master bedroom

Why not create your own walk-in wardrobe? Bring that touch of luxury into your bedroom.

Lounge

Our storage systems can be used outside of a wardrobe to help you achieve that wow factor in your home.

Loft

Reclaim the space lost to pitched roofs. Make your loft room just as stunning as the rest of your home.

heritage

Size of opening: H 2260 x W 2390 x D 620mm.

minimalist

A design to fit a sleek contemporary room.

The Minimalist range is unashamedly influenced by Italian design and makes a bold statement in any modern home. Rich glass colours add warmth and drama and ooze luxury. The subtle, brushed aluminium centre strip is deliberately understated, allowing the glass and wood panels to dominate the design with breathtaking results.

end panels & fillets

These are a fantastic way to create the look you want.

In addition to wall to wall, sliding door wardrobes can also be created using end panels and fillets. End panels are large sections of timber used to create an artificial end for the doors to run up to. We supply these end panels in various finishes to match your doors.

Our fillets can be used along side our fitting accessories if you need to reduce your height or if you need to build in from a wall.

End panels can be used for **both wall to end panel** or **end panel to end panel**.

What storage do you need?

Lots of hanging space

Plenty of shelving

Everything you could possible need.

relax storage solutions

Truly versatile, the Relax modular storage system not only does the job, but looks great doing it.

The Relax storage system offers excellent flexibility; this modular, stanchion based system can run from floor to ceiling or floor to wall depending on your space and needs.

Within the system you can add / change / move the components as frequently as you like. Some people fold all their clothes; some people hang all their clothes – either way our storage solutions allow you ultimate flexibility. You can even have floor to ceiling shoe racks should you wish!

Wood components available in:

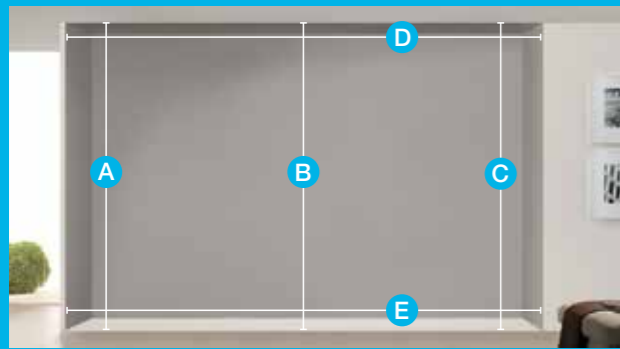

Floor to ceiling stanchions available for heights up to **2240mm**. For projects above **2700mm** floor to wall stanchions are the perfect solution.

plan your space for sliding doors

First things first

Measure Up

It's really important to prepare your project by measuring up your space, this will ensure that the reality matches the dream.

Why we need your measurements

Height – No ceiling and floor are perfectly level so to ensure our doors fit correctly we need 3 measurements A, B, C. Our doors are made to the smallest height to guarantee the doors slide effortlessly.

Width – Measure at the top and bottom of your space D & E.

Depth – Our interior systems require a minimum depth of 620mm.

What's next...

Once you know what space you have to work with, we have 2 door options to help you achieve your project, fixed or custom.

Find out more

Fixed sized doors DIY savvy

Fits an opening space of **2260mm** (1150mm on loft ranges) high & up to **3606mm** wide. Doors come in 3 widths: **610, 762, 914mm**

Wider choice of panels...

Including on-trend colours and more ways to personalise your door with different configurations.

Tracksets included

To match your door frame and arrive already cut to size for your opening space.

Calculate how many fixed sized doors you need
Use the table below to find out which fixed sized doors and tracksets work best with your opening space.

Ideal opening width		Door size	Trackset length
1195mm	2	610mm	1803mm (small)
1499mm		762mm	1803mm (small)
1803mm		914mm	1803mm (small)
1195mm	3	610mm	1803mm (small)
1499mm		762mm	2692mm (med)
1803mm		914mm	2692mm (med)
1195mm	4	610mm	2692mm (med)
1499mm		762mm	3607mm (large)
1803mm		914mm	3607mm (large)

To make your fixed sized doors fit your opening space you may have to build down from the ceiling. We have a selection of accessories that will help you achieve your desired look.

plan your space for storage

a storage system built around you

First things first

Measure Up
It's really important to prepare your project by measuring up your space. This will ensure your storage systems fit perfectly and inform what you do.

What's next...
Now you have your measurements, you can start to plan your interior storage solution. Spacepro stanchion based systems can run from floor to ceiling or floor to wall depending on your space and needs.

The Aura system is simple to install and the accessories hook in and out of the stanchions making it really easy to arrange your storage how you need it.

The Relax system gives you even more flexibility with the option of installation floor to ceiling or floor to wall. Its patented attachment system lets you position the accessories with millimetre precision, so you can use all your space and fit in those awkward-sized possessions.

Find out more

Planning your storage

Start with one column on the left of your space and then add on additional columns until you have filled your space. Most accessories are 550mm or 900mm but our adjustable hanger bars can be used to fill in that extra space.

Flexible width accessories
When using our flexible width accessories like our hanger bars or the Relax shoe rack, just add 30mm on to the desired accessory width to work out the space needed.

* These measurements include both left & right stanchions

Accessory placement & arrangement with doors

When using any pull out accessory (i.e drawers) then we recommend making your door at least **80mm** wider than the storage column behind it.

For a 2 door opening
Position the drawer to the left or right hand side.

For a 3 door opening
Position the drawers to the left or right hand side.

For a 4 door opening
Position the drawers to the far left, middle or right hand side.

Interior options

Just look at what you can achieve with Spacepro storage systems.

Reach in wardrobe

We recommend a reach in to wardrobe to be a minimum of 620mm deep to fit you hangers comfortably.

Walk-in wardrobe

With just 1.4m you can get your very own glamorous walk in wardrobe.
